THE CHRISTMAS SPIRIT

The spirit of giving is the spirit of Christmas. The value of the gift is not the measure of pleasure received from the giving. Neither is it the beauty of its outside appearance. The time or the place of bestowing the gift adds little to that sweet glow that arises within one as he presents his package. What is it that makes the giving of the gift the true Christmas spirit? It is this—that spark of tender love light that is kindled in the eyes of he who has received that gift; that glow that tints his cheeks; that understanding smile that plays on his lips; that knowledge that he is pleased with the gift the giver has chosen!

May we all have that true spirit of Christmas—not of gifts that can be passed across the counter for cash but those lifelong gifts of Happiness, Health, and Peace!
 -----Mrs. Magill

BE THANKFUL FOR AMERICA

Now as never before should we realize that America is a truly wonderful place in which to live. Sometimes we are inclined to forget that we are here because our forefathers wanted to be free from the poverty, the political oppression, the militarism, and the religious intolerance of Europe. We may think that this or that country represents our ideal, forgetting that our own, although not perfect, is far ahead of any European country in every respect.

In spite of modern transportation facilities, America is still far from troubled Europe and its dangers. Our forefathers could not cure its ills; neither can we now. But we can do this: We, as individuals, can by practicing democracy in the schools, in our homes, and wherever we go, preserve democracy in the finest country the world has ever known. Let this be our expression of gratitude for AMERICA.

On November 9, the Seymour "Reds" went to Tolono. We won this game with a score of 38 to 32. Seymour out-played Tolono although we used some of our second string players. Paul Jones and Donald Christie each scored 12 points.

Our next game was with De Land. Seymour won the game also. DE Land was hitting from all over the floor. They finally forged ahead 22 to 21. With about five seconds to play Donald Christie who had been benched for three personal fouls made a beautiful set shot from one side of the floor and won for Seymour 23 to 22. Paul Jones made a total of 16 points. This was the most exciting game so far this year.

On November 21, Seymour Played Mahomet here. Our boys just Could not hit the basket. Mahomet managed to nose out our Reds in the last quarter by the very small margin of 17 to 16. Better luck next time.

SOPHOMORE NEWS

The biology class visited the chrysanthemum show at the U. of I. At the show we saw flowers that we had never seen before. The flower were grown in many different plots of earth to see which would do the best. We learned that the rooms were kept at certain temperatures best suited to the plants. After we left the greenhouse we went to Natural History Museum. Here we saw skulls of men who lived long ago, and how their persons have developed to look as ours do now.

(continued on page 4)

CLASS NEWS (continued from page 3)

We also saw the skeletons of prehistoric animals. In an adjoining room we saw ~~the~~ a lot about the Indians and where they lived. We also learned about the Eskimo and their clothing. Everyone saw something which most of us will never forget and we had the idea that we would like to go back again.

JUNIOR NEWS

The Latin students are making posters to be finished by December 15. The titles are as follows: "Some Foods of the Romans--Some Foods which the Romans do not Have", "Right Foot First", "Times Change". They are now hanging up in the commercial room. The slogans for these charts were: "Dextro pede" and "Tempora mutantur et nos mutamur in illis."

The travel contest in typewriting was over December 1. Everett Young was the winner. Miss Lybrook presented him with a military travel set. Now the class is working for their awards in typing. These awards

are: a certificate of credit if we know all the requirements of typing; a bronze pin if we make 25 net words a minute by the end of the semester; a silver pin if we are able to make 35 net words per minute; and a gold pin if we are able to make a net score of 50 words per minute.

In History class the students are given the chance to lead the class in discussion.

In English we have made up another contract plan. We found that the other one worked out so well and we learned and appreciated our English to a greater extent.
